DUAL BACHELOR OF SCIENCE WITH A MAJOR IN CHEMISTRY/
MASTER OF FORENSIC SCIENCES WITH A CONCENTRATION IN
FORENSIC CHEMISTRY

The Department of Chemistry offers a dual bachelor of
science with a major in chemistry (http://bulletin.gwu.edu/arts-
sciences/chemistry/bs) and master of forensic sciences with a
concentration in forensic chemistry (http://bulletin.gwu.edu/
arts-sciences/forensic-sciences/mfs-forensic-chemistry) degree
program. The program allows students to take 12 graduate
credits as part of their undergraduate program, thereby
decreasing the number of credits normally required for the
master’s degree. All requirements for both degrees must be
fulfilled.

Students interested in the dual degree program should
confer with the department’s graduate adviser early
in their junior year. Visit the program website (http://
chemistry.columbian.gwu.edu/bs-chemistrymfs-concentration-
forensic-chemistry) for additional information.
