COMBINED PROGRAMS, ECONOMICS

REQUIREMENTS

The Department of Economics offers two programs leading to combined bachelor’s and master’s degrees. The programs allow students to take a specified number of graduate credits as part of their undergraduate degree, thereby decreasing the number of credits normally required for the master’s degree.

Combined Bachelor of Science and Master of Arts in the field of economics

Students interested in this dual degree program should consult the Department of Economics undergraduate program advisor by the second semester of their sophomore year.

Combined Bachelor of Arts or Bachelor of Science with a Major in Economics and Master of Public Policy

Students interested in this dual degree program should contact the director of the Public Policy program by the second semester of their sophomore year.

For more information visit the program website (http://economics.columbian.gwu.edu/combined-degree-programs).
