The Department of Philosophy offers a dual bachelor of arts in philosophy (public affairs focus) and master of arts in the field of philosophy degree program. Students must complete all requirements for both degrees. Undergraduate students may take up to 7.5 graduate credits (usually two courses for a total of 6 credits) as part of their undergraduate degree program, thereby decreasing the number of credits normally required for the master’s degree. Undergraduate students interested in the dual program should consult the Director of Graduate Studies as early in their program as possible and must apply to the graduate portion of the program before completing 75 undergraduate credits.

Visit the program website for additional information.
