BACHELOR OF ARTS WITH A MAJOR IN PSYCHOLOGICAL AND BRAIN SCIENCES

GW’s BA in psychology program attracts students eager to develop research skills and solve issues within communities and societies, applying lessons learned in the classroom to real-world scenarios through learning and research. Program graduates are well-educated in a variety of topics, including abnormal, developmental, and social psychology, as well as cognitive neuroscience. During their tenure at GW students can work alongside faculty—or nearby research centers such as the National Institutes of Health and the National Science Foundation—on a range of health psychology and cultural diversity issues, leading to opportunities to present findings at local and national conferences. Beyond the classroom, program graduates have pursued career paths ranging from the more traditional path of psychiatry and social work to careers in management and public relations.

Visit the program website (https://psychology.columbian.gwu.edu/) for additional information.

ADMISSIONS

For more information on the admission process, please visit the Office of Undergraduate Admissions website (https://undergraduate.admissions.gwu.edu/). Applications may be submitted via the Common Application (https://go.gwu.edu/commonapp/).

Supporting documents not submitted online should be mailed to:

Office of Undergraduate Admissions
The George Washington University
800 21st Street NW, Suite 100
Washington DC 20052

Contact for questions: gwadm@gwu.edu or 202-994-6040

REQUIREMENTS

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (http://bulletin.gwu.edu/arts-sciences/#degreeregulationstext).

Program-specific curriculum:

<table>

<td>Research Methods in Psychology</td>
<td></td>
</tr>
</tbody>
</table>
Electives

Four additional psychology (PSYC) courses (12 credits) numbered 2000 or above. Only 3 credits in PSYC 3591 or PSYC 4591 may be applied toward the major.

GENERAL EDUCATION

In addition to the University General Education Requirement (http://bulletin.gwu.edu/university-regulations/general-education/), undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication (G-PAC) (http://bulletin.gwu.edu/arts-sciences/gpac/) as well as CCAS 1001. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Coursework for the University General Education Requirement is distributed as follows:

- Writing—4 credits in UW 1020 University Writing and 6 credits distributed over at least two writing in the discipline (WID) courses taken in separate semesters. WID courses are designated by a “W” appended to the course number.
- Humanities—one approved humanities course that involves critical thinking skills.
- Mathematics or statistics—one approved course in either mathematics or statistics.
- Natural or physical science—one approved laboratory course that employs the process of scientific inquiry.
- Social Sciences—two approved courses in the social sciences that employ critical thinking, quantitative reasoning, or scientific reasoning.

Coursework for the CCAS G-PAC requirement is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context.
- Global or cross-cultural perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries.
- Local or civic engagement—one approved course that develops the values, ethics, disciplines, and commitment to pursue responsible public action.

Coursework for the University General Education Requirement is distributed as follows:

- Oral communication—one approved course in oral communication.
- Natural or physical science—one additional approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement).
- Humanities—one additional approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement).
- CCAS 1001 First-Year Experience

Certain courses are approved to fulfill GPAC requirements in more than one category.

Courses taken in fulfillment of G-PAC requirements may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University General Education Requirement and G-PAC, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

Lists of approved courses in the above categories are included on each undergraduate major’s (http://bulletin.gwu.edu/arts-sciences/#majorstext) page in this Bulletin.

SPECIAL HONORS

In addition to meeting general requirements stated under University Regulations, to be admitted to the GWU Psychological & Brain Sciences (PBS) Undergraduate Honors Program, the student must 1) have taken at least five graded GWU PBS courses with a minimum PBS grade-point average (GPA) of 3.50, and a minimum GWU GPA of 3.00, and 2) submit a completed application and unofficial GWU transcript from the Registrar’s Office (which will have the student’s name on it) to the PBS Department within the first week of their senior year. In addition to meeting other University and Departmental requirements, to graduate with PBS Departmental Honors, the student must also 3) maintain the minimum GWU and PBS GPAs, 4) complete at least one semester of PSYC 3591 Supervised Research Internship or PSYC 4591 Independent Research, 5) complete PSYC 4997 Honors Seminar, and 6) complete a graduate-level (PSYC 8000s) PBS course.

COMBINED PROGRAM

Combined program

- Dual Bachelor of Arts with a major in psychological and brain sciences and Master of Arts in the field of art therapy (http://bulletin.gwu.edu/arts-sciences/psychological-and-brain-sciences/combined-ba-ma-art-therapy/)
