

DOCTOR OF PHILOSOPHY IN THE FIELD OF CLINICAL PSYCHOLOGY (STEM)

The PhD in clinical psychology program follows the scientist-practitioner model. In this American Psychological Association-accredited program, students are trained as applied researchers and scientists, developing skills in the research methods used to advance knowledge of the causes, prevention, and treatment of emotional, behavioral, and physical health problems within diverse communities.

The program's coursework, research, and clinical training are grounded in developmental and social-ecological perspectives that attend to the intersection of multiple forms of diversity and recognize the impacts of systemic oppression on individuals and communities.

Faculty subscribe to a range of theoretical orientations, including cognitive-behavioral, family systems, social-ecological, and community frameworks. These perspectives enable students to develop a broad base of knowledge and the opportunity to specialize in particular areas of research and evidence-based application.

This is a STEM designated program.

Visit the program website (<https://psychology.columbian.gwu.edu/graduate/phd-clinical-psychology/>) for additional information

ADMISSIONS

Admission Fall: December 1
deadlines:

Standardized GRE general test is not required.
test scores:

The Test of English as a Foreign Language (TOEFL), the academic International English Language Testing System (IELTS), or the PTE Academic is required of all applicants except those who hold a bachelor's, master's, or doctoral degree from a college or university in the United States or from an institution located in a country in which English is the official language, provided English was the language of instruction.

Minimum scores for the program are:

- Academic IELTS: an overall band score of 7.0 with no individual score below 6.0; or
- TOEFL: 600 on paper-based or 100 on Internet-based; or
- PTE Academic: 68;

Prerequisite Course prerequisites: applicants need to meet requirements program course requirements in one of three ways:

- a) Have an undergraduate Bachelor's degree in psychology

- b) Have a Master's degree in psychology
- c) For Non-Psychology majors - Complete at least six undergraduate or graduate courses in psychology, including Statistics, Research Methods, Abnormal Psychology, and three general content courses (such as developmental psychology, social psychology, cognitive psychology, personality, biological bases of behavior, or history and systems of psychology).

Recommend: Three (3) recommendations required:

Prior academic records: Transcripts are required from all colleges and universities attended, whether or not credit was earned, the program was completed, or the credit appears as transfer credit on another transcript. Unofficial transcripts from all colleges and universities attended must be uploaded to your online application. Official transcripts are required only of applicants who are offered admission. If transcripts are in a language other than English, English language translations must be provided. The English translation alone should be uploaded into your application.

Statement of purpose: In an essay of 500-1000 words, state your purpose in undertaking graduate study in your chosen field. Include your academic objectives, research interests, research experience, and career plans. Describe how you see your role as a scientist-practitioner within the context of social justice and diversity considerations. In responding to this question, we encourage you to reflect upon how your cultural, ethnic, or personal background brings a unique perspective to the Clinical Psychology graduate program. Also describe how your interests resonate with the Clinical Psychology Program's mission statement (https://docs.google.com/viewer?url=https%3A%2F%2Fpsychology.columbian.gwu.edu%2Fsites%2Fg%2Ffiles%2Fzaxdzs4741%2Ffiles%2F2024-08%2FFaculty%2520Preference%2520Ranking%2520Form%25202025-26_acc.pdf) and the faculty member(s) whom you've selected to work with.

Interview: An interview is required.

Additional requirements Applicants will rank two faculty members whose research interests best match their current research interests (1 = first choice, 2 = second choice). Applicants should review eligible core faculty and bios and indicate their ranking on the online application for the PhD program in clinical psychology (<https://columbian.gwu.edu/sites/g/files/zaxdzs4901/files/2022-08/faculty-preference-ranking-form-2023-24.pdf>).

International Please review International Applicant Information applicants (https://columbian.gwu.edu/international-graduate-applicants (https://columbian.gwu.edu/international-graduate-applicants/)) carefully for details on required documents and English language requirements.

Supporting documents not submitted online should be mailed to:

Columbian College of Arts and Sciences, Office of Graduate Studies
The George Washington University
801 22nd Street NW, Phillips Hall 107
Washington DC 20052
