SOCIOMETRY

One of the social and behavioral sciences disciplines in the Columbian College of Arts and Sciences, the sociology program offers undergraduate and graduate degree programs and a range of courses, from deviant behavior to sociology of sport. It is designed to strengthen a student’s knowledge about human social structure and activity. By living in a city that offers a rich social laboratory, students gain real-life experience conducting quantitative and qualitative research and developing skills in sociological observation and analysis.

Visit the Department of Sociology website (http://sociology.columbian.gwu.edu/ba-sociology) for additional information.
