GRADUATE CERTIFICATE IN PROJECT MANAGEMENT

The master of science in project management program (MSPM) is enhanced by its related graduate certificate in project management. The certificate is available to current GWSB students as well as those not enrolled in a graduate degree program. The certificate program is designed to provide students with detailed coverage of basic concepts and theories of project management and related skills, preparing students to succeed in a project environment. Up to the total 12 credits earned for the certificate may count toward requirements for the MSPM degree.

Specific admission requirements are shown on the Graduate Program Finder. (http://www.gwu.edu/all-graduate-programs)

Visit the program website (https://business.gwu.edu/graduate-certificate-project-management) for additional program information.

REQUIREMENTS
