

INTERNATIONAL AFFAIRS (IAFF)

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000s to 4000s are upper-level undergraduate courses that can also be taken for graduate credit with permission and additional work assigned
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

IAFF 1001. First-Year Experience. 1 Credit.

First-Year Experience assists students in developing their personal, academic, and career goals. Restricted to students in the Elliott School.

IAFF 1005. Introduction to International Affairs. 3 Credits.

Introduction to the field of international affairs; the challenge of promoting cooperation and order in a world in which competition, conflict, and disorder are common; interstate relations, intrastate conflicts, regional problems, and old and new global challenges. Credit cannot be earned for this course and PSC 1003.

IAFF 1099. Variable Topics. 1-36 Credits.

IAFF 2040. Basic Topics in International Affairs. 3 Credits.

Topics announced in the Schedule of Classes. May be repeated for credit provided the topic differs. Primarily for Elliott School freshmen and sophomores.

IAFF 2090. Latin America: Problems and Promise. 3 Credits.

An interdisciplinary course in Latin American studies designed to introduce undergraduates to the diverse, rich, and complex history, politics, economy, culture, and society of Latin America.

IAFF 2091. East Asia-Past and Present. 3 Credits.

An interdisciplinary course offering a comprehensive and integrated introduction to the civilizations and present problems of East Asia.

IAFF 2092. Russia and Eastern Europe: An Introduction. 3 Credits.

A multidisciplinary introduction to the lands and cultures of the former Soviet Union and Central and Eastern Europe. The main emphasis is on history and politics, with attention also given to economics, trade, geography, military matters, literature, and the media.

IAFF 2093. Africa: Problems and Prospects. 3 Credits.

Aspects of the environment, culture, and politics as they affect the present and anticipated future of Africa.

IAFF 2094. Europe in Transition. 3 Credits.

A multidisciplinary view of contemporary Europe, including the E.U. states, other states of Eastern Europe, and Turkey. The widening processes of political, judicial, economic, cultural, and security integration. Prerequisites: IAFF 1005 and PSC 1001.

IAFF 2095. The Middle East in International Affairs. 3 Credits.

Multidisciplinary survey of social, cultural, political, historical, and religious issues in the Middle East with a concentration on the modern period.

IAFF 2101. Qualitative Methods in International Affairs. 3 Credits.

Introduction to qualitative methods in international affairs. Conceptualizing research questions; methods including observation, interviews, and focus groups; ethical considerations and other challenges when conducting research.

IAFF 2102. Quantitative Methods in International Affairs. 3 Credits.

Introduction to quantitative methods in international affairs. Conceptualizing research questions; methods including sampling, probability, and group comparisons; presenting and interpreting statistical results.

IAFF 2190. Special Topics. 3 Credits.

Topics vary by semester. May be repeated for credit provided the topic differs. Consult the Schedule of Classes for more details.

IAFF 2190W. Special Topics. 3 Credits.

Includes a significant engagement in writing as a form of critical inquiry and scholarly expression to satisfy the WID requirement.

IAFF 2191. Special Topics in International Affairs—Study Abroad. 3 Credits.

Variable topics offered as part of a study abroad program. May be repeated for credit provided the topic differs. Consult the Schedule of Classes for more details.

IAFF 2201W. Women in Global Politics. 3 Credits.

An overview of the global status of women, focusing on the discrepancies between normative frameworks and policies developed to benefit women and their actual implementation. Includes a significant engagement in writing as a form of critical inquiry and scholarly expression to satisfy the WID requirement.

IAFF 2202W. Critical Issues in U.S.-Asia Relations. 3 Credits.

Major issues in U.S. relations with Asian countries since the end of the Cold War. Includes a significant engagement in writing as a form of critical inquiry and scholarly expression to satisfy the WID requirement.

IAFF 2444. International Law. 3 Credits.

Overview of public international law. How public international law is established, implemented, interpreted, changed, and enforced; the legal structure underpinning international society; and the relationship between domestic and international law.

IAFF 3171. U.S. Foreign Policy Summer Program. 3-4 Credits.

The institutions and ideas that shape U.S. foreign policy, including the U.S. Congress and administration, foreign embassies, international organizations, think tanks, interest groups, and media outlets. A separate section of the course covers issues of reporting on foreign policy issues. The program has special admission criteria.

IAFF 3172. Conflict and Conflict Resolution. 3 Credits.

Introduction to the field of conflict analysis and resolution. Analysis of conflicts and their resolutions; major theories and driving causes of conflict; barriers to and mechanisms for resolving conflict; and applications to real-world conflicts.

IAFF 3177. Political Economy of Latin America. 3 Credits.

The politics of economic policymaking in Latin America. Successes and failures with policymaking ideas, political reasons for adopting different development models, and political and economic obstacles to prosperity. Restricted to juniors and seniors. Prerequisites: ECON 1011 and ECON 1012; or PSC 2439.

IAFF 3179. Special Topics in Science and Technology Policy. 3 Credits.

Topics vary by semester. May be repeated for credit provided the topic differs. Consult the Schedule of Classes for more details. Prerequisites: IAFF 1005 or PSC 1003.

IAFF 3180. Special Topics in Security Policy. 3 Credits.

Topics vary by semester. May be repeated for credit provided the topic differs. Consult the Schedule of Classes for more details. Prerequisites: IAFF 1005 or PSC 1003.

IAFF 3180W. Special Topics in Security Policy. 3 Credits.

Topics vary by semester. May be repeated for credit provided the topic differs. Consult the Schedule of Classes for more details. Prerequisites: IAFF 1005 or PSC 1003.

IAFF 3181. Special Topics in Conflict Resolution. 3 Credits.

Topics vary by semester. May be repeated for credit provided the topic differs. Consult the Schedule of Classes for more details. Prerequisites: IAFF 1005 or PSC 1003.

IAFF 3182. Special Topics in Foreign Policy. 3 Credits.

Topics vary by semester. May be repeated for credit provided the topic differs. Consult the Schedule of Classes for more details. Prerequisites: IAFF 1005 or PSC 1003.

IAFF 3183. Special Topics in Development Policy. 3 Credits.

Topics vary by semester. May be repeated for credit provided the topic differs. Consult the Schedule of Classes for more details. Prerequisites: IAFF 1005 or PSC 1003.

IAFF 3184. Special Topics in Trade and International Economic Policy. 3 Credits.

Topics vary by semester. May be repeated for credit provided the topic differs. Consult the Schedule of Classes for more details. Prerequisites: IAFF 1005 or PSC 1003.

IAFF 3185. Special Topics in European and Eurasian Studies. 3 Credits.

Topics vary by semester. May be repeated for credit provided the topic differs. Consult the Schedule of Classes for more details. Prerequisites: IAFF 1005 or PSC 1003.

IAFF 3186. Special Topics in Asian Studies. 3 Credits.

Topics vary by semester. May be repeated for credit provided the topic differs. Consult the Schedule of Classes for more details. Prerequisites: IAFF 1005 or PSC 1003.

IAFF 3186W. Special Topics in Asian Studies. 3 Credits.

Topics vary by semester. May be repeated for credit provided the topic differs. Consult the Schedule of Classes for more details.

IAFF 3187. Special Topics in Latin American and Hemispheric Studies. 3 Credits.

Topics vary by semester. May be repeated for credit provided the topic differs. Consult the Schedule of Classes for more details. Prerequisites: IAFF 1005 or PSC 1003.

IAFF 3188. Special Topics in Middle East Studies. 3 Credits.

Topics vary by semester. May be repeated for credit provided the topic differs. Consult the Schedule of Classes for more details. Prerequisites: IAFF 1005 or PSC 1003.

IAFF 3189. Special Topics in African Studies. 3 Credits.

Topics vary by semester. May be repeated for credit provided the topic differs. Consult the Schedule of Classes for more details. Prerequisites: IAFF 1005 or PSC 1003.

IAFF 3190. Special Topics in International Affairs. 3 Credits.

Topics vary by semester. May be repeated for credit provided the topic differs. Consult the Schedule of Classes for more details. Prerequisites: IAFF 1005 or PSC 1003.

IAFF 3190W. Special Topics. 3 Credits.

Includes a significant engagement in writing as a form of critical inquiry and scholarly expression to satisfy the WID requirement.

IAFF 3191W. Populism and Regime Change in Latin America. 3 Credits.

Theoretical frameworks for defining classical and contemporary examples of populism in Latin America and globally; analysis of paradigmatic cases of 20th and 21st century Latin American populism; integration of relevant theory and empirical findings. Recommended background: Latin America, upper-level political science/international affairs coursework, and writing experience.

IAFF 3192. ESIA Dean's Scholars Workshop. 1 Credit.

For Elliott School students who have applied and been accepted to the ESIA Dean's Scholars Program. Students fine-tune their research questions, conduct the bulk of their research, draft abstracts, and outline their papers. Visit the Elliott School website for more information.

IAFF 3193W. ESIA Dean's Scholars Seminar. 3 Credits.

For Elliott School students who have applied and been accepted to the ESIA Dean's Scholars Program. Includes a significant engagement in writing as a form of critical inquiry and scholarly expression to satisfy the WID requirement. Visit the Elliott School website for more information.

IAFF 3194W. Latin America's Violent Peace. 3 Credits.

The complex governability challenges facing Latin America; discussion of the historical evolution of conflict and contestation in Latin America through inquiry into patterns in state building, political violence, armed forces, insurgencies, and criminal gangs. Includes a significant engagement in writing as a form of critical inquiry and scholarly expression to satisfy the WID requirement. Recommended background: Latin America, upper-level political science/international affairs coursework, and writing experience.

IAFF 3195. Internship. 3 Credits.

Internships in public, private, and nonprofit organizations concerned with international affairs. Students must meet selection criteria, find a sponsoring faculty member, and receive approval from the Elliott School Office of Academic Advising and Student Services. May be repeated for up to 6 credits with permission.

IAFF 3196. Internship Professional Development Seminar. 3 Credits.

Students leverage an internship in IA to enhance professional development, increase leadership capacities, and refine career focus. They must meet selection criteria, set goals, and receive approval from the course instructor to register.

IAFF 3198. Independent Study and Research. 1-3 Credits.

For juniors and seniors with a minimum grade-point average of 3.0. Students must find a sponsoring faculty member and receive approval from the Elliott School Office of Academic Advising and Student Services. May be repeated for credit with permission of the dean.

IAFF 3201W. China's Rise and Its Implications. 3 Credits.

Examination of major sources of growing Chinese power and influence; assessment of the Chinese government's domestic and foreign policies and practices and their international implications. Includes a significant engagement in writing as a form of critical inquiry and scholarly expression to satisfy the WID requirement.

IAFF 3202. Space Policy. 3 Credits.

An examination of the origins, evolution, current status, and future prospects of U.S. space policies and programs. Topics include civil, national security, commercial, and international space activities.

IAFF 3203. Space Power in Global Affairs. 3 Credits.

Domestic and international space policy issues facing the US; technical, historical, and policy foundations for space programs and activities. International cooperation and competition in space across civil/national security and commercial sectors.

IAFF 3204. Outer Space and International Security. 3 Credits.

A global perspective on the past and present of spaceflight's impact on society. Civil, commercial, intelligence, and military space programs in regions around the world.

IAFF 3205. Holocaust Memory. 3 Credits.

The sources, construction, development, nature, uses, and misuses of public understanding and memory surrounding the Holocaust. Discussion of what the Holocaust teaches us about human behavior and political leadership, including its usable lessons.

IAFF 3206. Global Governance. 3 Credits.

Key theories and approaches to the changing contours of global governance. Application of different theories to topics selected by the instructor.

IAFF 3210W. Migration, Gender, and International Development. 3 Credits.

The relationship between migration and international development as an established feature of social and economic life. Gender as a framework for analyzing elements of the migration-development nexus. Includes a significant engagement in writing as a form of critical inquiry and scholarly expression to satisfy the WID requirement.

IAFF 3302. Science, Technology, and Espionage. 3 Credits.

Exploration of the origins of modern espionage with special emphasis on technical intelligence and the relationship between intelligence and national security policymaking.

IAFF 3304. Introduction to Intelligence. 3 Credits.

Conceptual, historical, legal, and ethical foundations of national intelligence and the organizational structures and functions of the US Intelligence Community (IC). Prerequisites: IAFF 1005 or PSC 1003. Recommended background: This course is suitable for students with a general background in international affairs and some familiarity with international security and US national security.

IAFF 3305. Global Energy Security. 3 Credits.

Students think critically about how global energy security influences geopolitical events and the international policies of countries, regions, and groups like the US, EU, Russia, China, BRICS, CIS, and OPEC+. Prerequisites: IAFF 1005 or PSC 1003.

IAFF 3352. Israeli and Palestinian Peacebuilding. 3 Credits.

Drawing on conceptual frameworks from conflict resolution theory practice, an in-depth overview of the Israeli-Palestinian conflict and of related peace and conflict resolution efforts at all levels, including state, civil society, and grassroots.

IAFF 3356. Global Energy Trading, Pricing, and Risk Management. 3 Credits.

How energy and related energy transition minerals are traded, priced, and transported. Risk mitigation strategies using energy derivatives- futures, options, and swaps are also covered. Prerequisites: IAFF 1005 or PSC 1003.

IAFF 3357. Global Electricity Markets. 3 Credits.

The infrastructure and operation of the power grid and electricity markets. Electric grid models, generation and transmission, costs, operation, and environmental aspects of power technologies are covered. Prerequisites: IAFF 1005 or PSC 1003.

IAFF 3402. Oil: Industry, Economy, Society. 3 Credits.

Multidisciplinary approach to understanding oil and its impact on business, nation-states, conflict, and the global economy. Restricted to juniors and senior. Prerequisites: Students should be familiar and comfortable with economics measures and concepts at the level of ECON 1011.

IAFF 3501. International Development Theory, Policy, and Practice. 3 Credits.

Historical overview of theoretical approaches, policies, and practices associated with international development. Possible thematic foci include state-directed development approaches, environmentalist-influenced green development, or similar topics. Prerequisites: ANTH 1002 or ANTH 1002W; or ANTH 1004 or ANTH 1004W. Credit cannot be earned for this course and ANTH 3501.

IAFF 3502. Strategic Management and Qualitative Methods in International Affairs. 3 Credits.

Introduction to basic tools of strategic management and qualitative research methods in international affairs; practical applications to real policies and programs set in Africa.

IAFF 3513. Human Rights and Ethics. 3 Credits.

Theoretical and empirical basis of human rights from a multi-disciplinary perspective. How rights have been conceptualized, envisioned, imagined, promoted, and asserted by philosophers, political scientists, anthropologists, and other scholars. Prerequisites: ANTH 1002 or ANTH 1002W; or ANTH 1004 or ANTH 1004W. Credit cannot be earned for this course and ANTH 3513.

IAFF 3601. International Environmental Policy. 3 Credits.

The decision making processes and actors involved with the design and implementation of international policy related to climate change, biodiversity conservation, and other pressing environmental challenges. Prerequisites: IAFF 1005 or PSC 1003.

IAFF 3608. International Energy & Environmental Regulations. 3 Credits.

The implementation of international and domestic energy and environmental policies. How regulations affect international affairs, the global economy, investments in energy infrastructure, and the environment. Prerequisites: IAFF 1005 or PSC 1003.

IAFF 3632. Global Gender Policy. 3 Credits.

An interdisciplinary approach to examining the development of global policy approaches aimed at achieving gender equality and providing grounding in gender equality; the creation of legal and normative approaches to tackling inequality.

IAFF 3633. Gender, Conflict, and Security. 3 Credits.

Survey of the key concepts and policy issues that connect contemporary gender issues and security problems, including the UN Security Council's Women, Peace and Security agenda; traditional security issues; and human security dangers.

IAFF 3671. Space in International Affairs. 3 Credits.

International space policy issues facing the United States and other space powers within the larger context of technological advances and a changing strategic environment. Prerequisites: IAFF 1005 or PSC 1003.

IAFF 3752W. Equitable Development in Southeast Asia. 3 Credits.

Exploration of what equitable development means and how political, economic, and social factors hinder or facilitate the achievement of equitable development in Southeast Asia. Writing assignments align with careers in international affairs. Includes a significant engagement in writing as a form of critical inquiry and scholarly expression to satisfy the WID requirement.

IAFF 3753. International Relations of South Asia. 3 Credits.

Introduction to the region of South Asia and its importance in international affairs; focus on its characteristics as a distinctive and dynamic region that is still deeply divided and facing multiple internal and external conflicts.

IAFF 3754. U.S.-China Relations. 3 Credits.

Historical background and assessment of major issues in US-China relations with a focus on contemporary relations.

IAFF 3756. Christianity and Islam in East Asia. 3 Credits.

Introduction to the historical and contemporary state of Christianity and Islam in East Asia. Explores these two religions with critical issues of secularism and modernity, ethnicity and nation-state, and global politics. Same as: REL 3756 and EALL 3756.

IAFF 3757. North Korean Society and Culture. 3 Credits.

Historical, political, social, and cultural changes in North Korea from 1948 to present. Same As: KOR 4190.

IAFF 3758. China and the World. 3 Credits.

The different elements of China's bilateral and multilateral roles in the world and the impact on international relations. The economic, technological, cultural, intellectual, diplomatic, and military instruments China uses in world affairs. Restricted to Juniors and seniors.

IAFF 3852. Democracy Under Siege in Latin America. 3 Credits.

Trends in democratic versus authoritarian regimes in Latin America; implications for the region and the world; conceptual tools to read and understand future developments in the region.

IAFF 3853. Latin American Geopolitics and Geoeconomics. 3 Credits.

The geopolitics and geoeconomics in Latin America. The use of economic means to promote geopolitical objectives and alter the influence of Latin American countries in the international arena.

IAFF 3855. Argentina in Global Context. 3 Credits.

The history of Argentina from colonial times to the present day; the country's political, social, economic, and cultural developments in regional and global contexts.

IAFF 3857. Latin American Media, Cinema, and Social Movements. 3 Credits.

Introduction to Latin American culture and media. Examines the ways in which film and video are used to address historical omissions and make room for marginalized voices and audiences. Particular emphasis on indigenous works.

IAFF 3858. Mexico Since Independence. 3 Credits.

Close examination of Mexican history from Mexico's war for independence through current events in Mexican politics. Exploration of topics including migration, crime/violence, income inequality, trade, and globalization.

IAFF 3861. Racial and Ethnic Politics in Latin America. 3 Credits.

The changing and complex interactions between racial and ethnic politics and hegemonic power in Latin America. Prerequisites: IAFF 1005 or PSC 1003.

IAFF 3904. The Middle East Since 1945: A History of the Present. 3 Credits.

This intensive reading seminar explores popular struggles for freedom, democracy, social, and economic justice in the Middle East since the middle decades of the twentieth century.

IAFF 4191. Research and Writing Seminar. 3 Credits.

Students produce research papers on topical themes in international affairs while receiving mentoring and peer support. Restricted to Juniors and seniors in the Elliott School with a minimum GPA of 3.4 at the time of registration. Prerequisites: IAFF 1005.

IAFF 4191W. Research and Writing Seminar. 3 Credits.

Students produce research papers on topical themes in international affairs while receiving mentoring and peer support. Restricted to juniors and seniors in the Elliott School with a minimum GPA of 3.4.

IAFF 4192. Team-Based Applied Learning Seminar. 3 Credits.

Students work together in teams to engage in applied research, project design, or semester-long simulations. Restricted to Juniors and seniors in the Elliott School with a minimum GPA of 3.4 at the time of registration.

IAFF 4199. Senior Thesis. 3 Credits.

Students must meet selection criteria, find a sponsoring faculty member, and receive approval from the Elliott School Office of Academic Advising and Student Services. Restricted to seniors in the Elliott School.

IAFF 5099. Variable Topics. 1-99 Credits.**IAFF 6101. International Affairs Cornerstone. 3 Credits.**

Political, economic, and social theories of international relations and their applications to practice.

IAFF 6102. Global Gender Policy. 3 Credits.

An interdisciplinary and comparative approach to examination of policies targeted at achieving gender equality and of the costs of policies that are not gender-specific. Topics include poverty reduction, environmental sustainability, social justice, global and personal security, and prevention of and responses to extreme calamities and crises. How global gender policies are rationalized, adopted, implemented, and assessed. Focus on "what works" and why it works; gaps that remain in achieving global gender equality.

IAFF 6104. International Law. 3 Credits.

The fundamental underpinnings of international law, with a focus on public international law, the international legal order, and the law's applicability to international issues. Specialized topics ranging from environmental law to the law of war. Restricted to graduate students.

IAFF 6106. Nuclear Weapons. 3 Credits.

The technology and politics associated with nuclear weapons. Strategy and deterrence, force planning and operations, and the prospect of nuclear terrorism.

IAFF 6107. The Science of Nuclear Materials. 3 Credits.

Fundamental principles of nuclear materials, including the origins of radiation, manufacture and detection of nuclear materials, nuclear weapons and power issues, and medical uses and environmental issues related to nuclear materials.

IAFF 6108. International Development Policy. 3 Credits.

The changing scope and nature of international development and the challenges currently facing development agencies; how the mixed results of investment in development has brought methods and concepts into question and how agencies are responding to this challenge.

IAFF 6118. Special Topics in International Affairs. 3 Credits.

Topics announced in the Schedule of Classes.

IAFF 6121. International Development Studies Cornerstone. 3 Credits.

Introduction to the concepts and methods of international development. Prerequisite: students in the MA in international development studies program.

IAFF 6122. Development Policy and Practice. 3 Credits.

An overview of economic development in developing countries; key challenges of economic growth, poverty alleviation, and development.

IAFF 6136. Gender and Development. 3 Credits.

Theoretical approaches to gender and development and debates over how to promote gender equity and rights across the gender spectrum. Key issues in gender and development and the range of actors who are involved in promoting gender equality. General patterns, lessons with broader applications, and challenges and differences within and between societies.

IAFF 6137. Development Studies Pre-Capstone Workshop. 1 Credit.

Students work in teams to find a suitable client and negotiate a project, with detailed terms of reference and a work plan to be carried out in the spring semester. Restricted to students in the MA in international development studies program.

IAFF 6138. Special Topics in International Development Studies. 3 Credits.

Topics announced in the Schedule of Classes.

IAFF 6139. International Development Studies Capstone. 3 Credits.

A project-oriented development course abroad, designed to synthesize the skills and knowledge that students have acquired in their graduate study. Restricted to students in the MA in international development studies program.

IAFF 6141. International Science and Technology Policy Cornerstone. 3 Credits.

Introduction to the study of international science and technology policy; focus on policy issues that arise from interactions between scientific and technological developments and government activity.

IAFF 6142. Technology Creation/Diffusion. 3 Credits.

Examination of the relationship between invention (inception), innovation (first application), and dissemination (diffusion) of technological knowledge; focus on the technological environment prevailing in the major developed market economies.

IAFF 6143. Science and Technology Policy Analysis. 3 Credits.

The use of science by policy decision makers; the affects of policy on science and technology; issues of risk, uncertainty, regulation, democratization, and politics in science and technology policy.

IAFF 6145. U.S. Space Policy. 3 Credits.

Origins, evolution, current status, and future prospects of U.S. space policies and programs. U.S. civilian, military, and national security space programs and space activities of the U.S. private sector.

IAFF 6146. Space Law. 3 Credits.

The underlying principles of international space law, with emphasis on issues of particular concern as the uses of space increase for exploration, commerce, and security.

IAFF 6148. Space and National Security. 3 Credits.

Historic and current factors and emerging trends shaping the development and implementation of U.S. national security space policy and strategy, including the global security environment, domestic politics, and technology.

IAFF 6151. Environmental Policy. 3 Credits.

Examination of public policies designed to protect the human and physical environment; focus on the ways science and technology can simultaneously create new environmental problems and contribute to their mitigation and prevention.

IAFF 6152. Energy Policy. 3 Credits.

Energy and its implications for the environment, the economy, and global security; the theory and practice of policymaking in conventional and post-fossil energy at the national and international level.

IAFF 6153. Science, Technology, and National Security. 3 Credits.

The contributions of science and technology to U.S. security in military, intelligence, and homeland security activities.

IAFF 6157. International Science and Technology Policy Capstone Workshop. 2 Credits.

First course in a two-semester sequence. Second-year students in the MA in international science and technology policy program work in groups on a project addressing a policy problem or issue in international affairs. Restricted to students in the international science and technology policy program.

IAFF 6158. Special Topics in International Science and Technology Policy. 3 Credits.

Topics announced in the Schedule of Classes.

IAFF 6159. International Science and Technology Policy Capstone Project. 2 Credits.

A seminar designed to synthesize the skills and knowledge acquired in graduate study. Open only to MA candidates in science and technology policy.

IAFF 6160. Defense Policy. 3 Credits.

Examination of how national security policy is formulated and translated into a defense budget, program priorities, and force structure.

IAFF 6161. International Security. 3 Credits.

Survey of the field of international security studies; overview of key concepts, theories, and approaches; inter-state, intra-state, and transnational security problems and the interrelated nature of these categories; analysis of security topics such as great-power relations, arms racing and arms control, crisis management, civil wars, terrorism, and gender, combined with a review of regional developments; non-military issues that have major security implications, including poverty, health, population movements, energy consumption, and climate change; the role of international organizations in promoting international security, and prospects for the future. Restricted to students in the MA in security policy studies program.

IAFF 6162. Security Policy Analysis. 3 Credits.

Key components of security policy and the decision making behind them. Restricted to students in the MA in security policy studies program.

IAFF 6163. Transnational Security Issues. 3 Credits.

Overview of security concerns that transcend state borders, including terrorism, drug trafficking, organized crime, weapons proliferation, migration, and environmental degradation.

IAFF 6164. Environmental Security. 3 Credits.

The relationship between conflict, environmental degradation, and natural resources, including how the environment, climate change, and natural resources influence national security. Theoretical security concepts and use of multidisciplinary academic literature to consider how environmental security can be integrated into future U.S. defense and foreign policy strategies and decisions.

IAFF 6165. Fundamentals of Intelligence. 3 Credits.

The institutional structure of the intelligence community; the intelligence production cycle, including tasking, collection, analysis, covert action, and counterintelligence; and relations between the intelligence and policy communities.

IAFF 6167. Defense Policy and Program Analysis II. 3 Credits.

Analysis of the development of national security policy and analytic techniques to derive a defense program and force structure from it. Special attention to general-purpose forces.

IAFF 6169. Homeland Security. 3 Credits.

The central missions of a homeland security agency: domestic security, emergency preparedness, technology policy, timely intelligence, counterintelligence, and preemptive actions. How the U.S. has dealt historically with internal security matters; contemporary approaches to security problems.

IAFF 6171. Introduction to Conflict Resolution. 3 Credits.

Interstate disputes, contemporary civil wars, complex political emergencies, and other forms of organized violence.

IAFF 6173. Security and Development. 3 Credits.

Consideration of the relationship between security and development reflecting the growing interest from the security field in issues that have traditionally been the purview of development, and vice versa.

IAFF 6186. Special Topics in Security Policy Studies. 3 Credits.

Topics announced in the Schedule of Classes.

IAFF 6189. Security Policy Studies Capstone. 3 Credits.

A project-oriented course, designed to synthesize the skills and knowledge that students have acquired in their graduate study. Prerequisite: students in the MA in security policy studies program.

IAFF 6191. Financial Accounting. 3 Credits.

Basic concepts and methods used in financial reporting to understand content, context, and related processes. Income statement, balance sheet, and statement of cash flows. Detailed accounting procedures, calculations, and choices. Same As: ACCY 6101, MBAD 6211.

IAFF 6193. Finance. 3 Credits.

Financial management examined through financial analyses, fund sources, investing, capital planning/budgeting, dividend policy, and working capital management. Money and capital markets, primary and secondary markets, and cash and futures markets. Prerequisites: MBAD 6211 and MBAD 6224; or IBUS 6101 and MBAD 6211. Same As: MBAD 6235. Credit cannot be earned for this course and BADM 3501.

IAFF 6198. Special Topics in International Economic Policy. 3 Credits.

Topics vary by semester. May be repeated for credit provided the topic differs. Consult the Schedule of Classes for more information.

IAFF 6199. International Trade and Investment Policy Capstone. 1 Credit.

A project-oriented course, designed to synthesize the skills and knowledge that students have acquired in their graduate study. Restricted to students in the MA in international trade and investment policy program.

IAFF 6208. Special Topics in Global Communication. 3 Credits.

Topics announced in the Schedule of Classes.

IAFF 6209. Global Communication Capstone. 3 Credits.

A project-oriented course, designed to synthesize the skills and knowledge that students have acquired in their graduate study. Restricted to students in the MA in global communication program.

IAFF 6211. Master of International Policy and Practice Leadership Practicum. 3 Credits.

Major issues in international affairs confronting policymakers in the United States and around the world; the evolving nature of international leadership; how diverse actors exercise power in the international realm. Restricted to MIPP degree candidates.

IAFF 6212. Strategy and Leadership. 3 Credits.

The evolving nature of international leadership in the twenty-first century; lateral leadership for managing expert, networked teams to address complex problems requiring adaptation and learning; strategic thinking and team leadership skills. Restricted to students in the MIPP program.

IAFF 6213. Leadership Capstone. 3 Credits.

Practical application of lateral leadership skills to researching and designing an individual leadership project addressing a critical issue in the student's professional field; qualitative research methods, program design and evaluation, coalition building, proposal writing, and oral presentation skills. Restricted to students in the MIPP program. Prerequisites: IAFF 6212.

IAFF 6216. Analytic Tools for Global Policy. 3 Credits.

Application of common analytic tools to evaluate contemporary issues and concrete policy problems related to globalization, trade, and technology.

IAFF 6222. Special Topics in International Policy and Practice. 3 Credits.

Topics vary by semester. May be repeated for credit provided the topic differs. See school for more details.

IAFF 6302. Taiwan: Internal Development and Foreign Policy. 3 Credits.

The social, political, and economic development in Taiwan since World War II; Taiwan's foreign affairs.

IAFF 6305. U.S.-South Asia Relations. 3 Credits.

The nature of challenges and opportunities facing the South Asia region and the U.S. policy response. The rise of India as a global actor; relations between India and Pakistan; political transformation in the countries of the region, including Nepal and Sri Lanka.

IAFF 6308. International Relations of South Asia. 3 Credits.

The foreign policy choices of South Asian countries and the domestic and international linkages that drive these decisions; the different patterns of state-society relationships and identity formations which determine a country's external alliances and partnerships; the changing nature of the Asian balance of power and roles of key Asian actors.

IAFF 6318. Special Topics in Asian Studies. 3 Credits.

Topics announced in Schedule of Classes.

IAFF 6321. European and Eurasian Studies Cornerstone. 3 Credits.

Survey of current research on Europe and Eurasia. Research paper required. Restricted to students in the MA in European and Eurasian studies program or with permission of the instructor.

IAFF 6338. Special Topics in European and Eurasian Studies. 3 Credits.

Topics announced in the Schedule of Classes.

IAFF 6339. European and Eurasian Studies Capstone. 3 Credits.

Survey of current research on Europe and Eurasia. Research paper required. Restricted to students in the MA in European and Eurasian studies program or with permission of the instructor.

IAFF 6341. Latin American and Hemispheric Studies Cornerstone. 3 Credits.

Multidisciplinary foundation course for the Latin American and hemispheric studies program.

IAFF 6342. Drug Trafficking in the Americas. 3 Credits.

A historical, comparative, and contemporary picture of drug trafficking in the Americas and the anti-narcotics policies to combat this trade.

IAFF 6357. Latin American and Hemispheric Studies Pre-Capstone Workshop. 2 Credits.

First in a two-course sequence with IAFF 6359. Planning and preparation to undertake field-based research related to a specific problem or issue of interest to a sponsoring organization. Restricted to students in the MA in Latin American and hemispheric studies program.

IAFF 6358. Special Topics in Latin American and Hemispheric Studies. 3 Credits.

Topics announced in the Schedule of Classes.

IAFF 6359. Latin American and Hemispheric Studies Capstone. 2 Credits.

Second in a two-course sequence with IAFF 6357. A project-oriented course, designed to apply the skills and synthesize the knowledge that students have acquired in their graduate study. Restricted to students in the MA in Latin American and hemispheric studies program.

IAFF 6361. Middle East Studies Cornerstone. 3 Credits.

Multidisciplinary foundation course for the Middle East studies program. Introduction to key issues.

IAFF 6362. Regional Security in Middle East. 3 Credits.

The nature, elements, and future of security in the Middle East region. Various analytical frameworks are examined to consider the interplay of national interests, ideology, and regionalism. Issues in regional security.

IAFF 6363. Political Economy of the Middle East. 3 Credits.

Current political economy of the Middle East, including an overview of Islamic economic concepts and political organizations.

IAFF 6364. Religion and Society in the Modern Middle East. 3 Credits.

Comparative overview, both historical and current, of religious and social trends in the Middle East.

IAFF 6377. Middle East Studies Program Capstone Workshop. 1 Credit.

First in a two-course sequence with IAFF 6379. Second-year students in the MA in the Middle East studies program work in groups on a project addressing a policy problem or issue in international affairs. Restricted to students in the MA in Middle East studies program.

IAFF 6378. Special Topics in Middle East Studies. 3 Credits.

Topics announced in the Schedule of Classes.

IAFF 6379. Middle East Studies Capstone. 3 Credits.

Second in a two-course sequence with IAFF 6377. A project-oriented course, designed to synthesize the skills and knowledge that students have acquired in their graduate study. Restricted to students in the MA in Middle East studies program.

IAFF 6381. African Studies Cornerstone. 3 Credits.

Introduction to the broad historical and contemporary forces that have shaped and continue to affect Africa. Key concepts, theories, and analytic approaches that help deepen understanding of the region. Important challenges, as well as opportunities and innovations, shaping the region's future.

IAFF 6385. Special Topics in African Studies. 3 Credits.

Topics vary by semester. May be repeated for credit provided the topic differs. See the Schedule of Classes for more information.

IAFF 6501. Quantitative Analysis for International Affairs Practitioners. 3 Credits.

Overview of quantitative measurement, data summary, statistical inference, and elementary modeling such as linear regression.

IAFF 6502. Professional Skills I. 1 Credit.

Short courses offered in the first half of a semester. Focus on developing specialized skills for international affairs professionals. Consult the Schedule of Classes for specific topics.

IAFF 6503. Professional Skills II. 1 Credit.

Short courses offered in the second half of a semester. Focus on developing specialized skills for international affairs professionals. Consult the Schedule of Classes for specific topics.

IAFF 6504. Intermediate Conversation. 1 Credit.

Short courses designed to develop professional language skills for international affairs students. Specific languages announced in the Schedule of Classes.

IAFF 6505. Elliott School Seminars. 3 Credits.

Topics vary by semester. May be repeated for credit provided the topic differs. See Schedule of Classes for more details.

IAFF 6515. Graduate Internship in International Affairs. 0 Credits.

Internship and research paper involving experience at an international organization or with international issues. Restricted to MA candidates in the Elliott School.

IAFF 6516. Independent Study and Research. 1-3 Credits.

Restricted to MA candidates in the Elliott School. Prerequisites: Written permission of the instructor.

IAFF 6517. Independent Study and Research. 1-3 Credits.**IAFF 6521. U.S. Foreign Policy Summer Program. 3-4 Credits.**

The institutions and ideas that shape U.S. foreign policy, including the U.S. Congress and administration, foreign embassies, international organizations, think tanks, interest groups, and media outlets. A separate section of the course covers issues of reporting on foreign policy issues.

IAFF 6550. Introduction to Research and Data. 1.5 Credit.

Discussion of modes of collaboration between policy analysts and data scientists for data-informed policy development; communication of policy scenarios based on data visualizations and models; use of data-driven tools to evaluate policy success. Restricted to students in the data analytics for policy professionals program.

IAFF 6552. Expert Foreign Policy Decision Making Using Data. 1.5 Credit.

Fundamentals of the R programming language; discussion of how statistical analyses can be used to benefit strategic policy thinking and expert-level decision making. Restricted to students in the data analytics for policy professionals program.

IAFF 6553. Visualizing and Modeling International Politics. 1.5 Credit.

Visualizing data using Tidyverse and R; communicating social science data with customized figures; gaining familiarity with a variety of data representation types. Restricted to Students in the data analytics for policy professionals program.

IAFF 6554. GIS and Data Mapping for Presentations. 1.5 Credit.

Introduction to the processes of geospatial analysis and map making. Restricted to Students in the data analytics for policy professionals program.

IAFF 6556. Creating and Automating Data-Rich Reports. 1.5 Credit.

Using Quarto to create data-rich reports. Developing coding, data visualization, and data presentation skills. Using Quarto to integrate text with code and publish work in multiple formats. Restricted to students in the data analytics for policy professionals program.

IAFF 6898. Capstone Workshop. 2 Credits.

First part of two-semester sequence that addresses a concrete policy problem or issue in international affairs. In small teams, students refine the policy question of the capstone project, develop a research strategy, select appropriate research methods, and begin research. Continued in IAFF 6899.

IAFF 6899. Capstone Course. 2 Credits.

Second part of a two-semester sequence. Completion of the capstone sequence by conduct of the group's research, completion of the capstone report, and oral presentation of research findings and recommendations. Prerequisite: IAFF 6898.

IAFF 6998. Thesis. 3 Credits.

Restricted to MA candidates in the Elliott School who have selected the thesis option.

IAFF 6999. Thesis. 3 Credits.

Open to Elliott School MA candidates who have selected the thesis option.
