GRADUATE CERTIFICATE IN STEM MASTER TEACHER

The STEM Master Teacher Graduate Certificate provides current K-12 science and mathematics teachers with 12 hours of credit-bearing coursework that offers advanced techniques and approaches to STEM instruction, curriculum, and assessment. The certificate focuses on topics of importance to local districts including best math and science practices.

Visit the program website (http://gsehd.gwu.edu/programs/graduate-certificate-stem-teaching/) for additional information.

ADMISSIONS

Admission deadlines:
- Spring, Summer, Fall - Rolling admissions

Recommendations required:
- Two (2) recommendations

Prior academic records:
- Transcripts are required from all colleges and universities attended, whether or not credit was earned, the program was completed, or the credit appears as transfer credit on another transcript. Unofficial transcripts from all colleges and universities attended should be uploaded to your online application. Official transcripts are required only of applicants who are offered admission.

Transcripts from institutions outside the United States must be accompanied by an official transcript evaluation from an accredited independent evaluating agency. Please be sure you request a detailed evaluation that includes all course titles, credit hours, grade-point average (GPA), United States degree equivalency, and date of degree conferral. For a list of acceptable foreign credential evaluation services, please click here (https://www.naces.org/members/).

Statement of purpose:
- In an essay of 250 to 500 words, state your purpose in undertaking graduate study at The George Washington University, describing your academic objectives, research interests, and career plans. Also discuss your related qualifications, including collegiate, professional, and community activities and any other substantial accomplishments not already mentioned in the application.

Elective

One of the following:
- CPED 6367 Perspectives and Research in Teaching Science
- CPED 6370 Perspectives and Research in Teaching Mathematics
- CPED 8309 Supervising Preservice Clinical Experience

Students may apply courses toward the Master of Arts in Education and Human Development in the field of Curriculum and Instruction.

REQUIREMENTS

The following requirements must be fulfilled: 12 credits, including 9 credits in required courses and one 3-credit elective course.
