GRADUATE CERTIFICATE IN GLOBAL LEADERSHIP IN TEAMS AND ORGANIZATIONS

Theory, research and practice are balanced throughout the curriculum in order to enable students to develop and implement strategies that increase organizational development and learning. The program of study includes international company site visits, cultural exchanges, world-renowned faculty and guest speakers. With courses offered at sites in Asia, Europe, Africa and South America, students go beyond classroom learning to developing their own global competence through actionable learning around the world.

The four-course, 12-credit program in Global Leadership in Teams and Organizations meets four times a year. Two classes are offered in Ashburn as well as overseas which allows students the option of taking two, three or four courses overseas. The courses take place at the Virginia Campus and affiliate sites in Asia, Europe, and South America.

This program benefits mid to senior level executives who are charged with leading in international and multinational organizations. Current students looking for interesting electives may take the individual courses for their master’s or doctoral programs.
