

MASTER OF ARTS IN EDUCATION AND HUMAN DEVELOPMENT IN THE FIELD OF CURRICULUM AND INSTRUCTION WITH A CONCENTRATION IN JEWISH EDUCATION

The master of arts in curriculum and pedagogy with a concentration in Jewish education prepares pre-service and in-service educators to master curriculum development and teaching strategies generally and in the specific disciplines of Bible, rabbinics, and Jewish history. The program also includes research in Jewish experiential education with an understanding that successful educators appreciate educational growth inside and beyond the classroom. The degree offers internship opportunities to help students integrate and implement their learning with their practice while benefiting from mentor evaluation and assessment. Students also have elective options to develop arenas of specific interest.
