MASTER OF ARTS IN EDUCATION AND HUMAN DEVELOPMENT IN THE FIELD OF EARLY CHILDHOOD SPECIAL EDUCATION

The master of arts in education and human development in the field of early childhood special education degree program offers students the opportunity to train in age-related subspecialties of preprimary, birth to age five, primary school age, or K - grade 3. The program is approved by the National Association for the Education of Young Children (NAEYC) and the Division of Early Childhood (DEC) of the Council for Exceptional Children. Students gain knowledge and skills in the specific content areas recommended by NAEYC and DEC: child development and learning; curriculum development and implementation; routine-based intervention in natural environments; family-centered services delivery models; child assessment, evaluation, and progress monitoring; cultural, linguistic, and economic diversity; and field-based practicum and internships.

Specific admission requirements are shown on the Graduate Program Finder. (http://www.gwu.edu/all-graduate-programs)

Visit the program website (http://gsehd.gwu.edu/programs/masters-early-childhood-special-education) for additional information.

REQUIREMENTS

The following requirements must be fulfilled: for the regular degree–39 credits, including the required core courses and general courses; for the degree with an optional concentration in infant special education–42 credits, including the required core courses and infant special education concentration courses. In both cases, successful completion of the master of arts in education and human development comprehensive examination and completion of the relevant teacher licensure assessments (see below) are required.
