DUAL BACHELOR OF SCIENCE
WITH A MAJOR IN CIVIL
ENGINEERING AND MASTER
OF SCIENCE IN THE FIELD OF
TRANSPORTATION ENGINEERING

The School of Engineering and Applied Science offers a
dual bachelor of science with a major in civil engineering
(http://bulletin.gwu.edu/engineering-applied-science/civil-
environmental-engineering/bs-civil-engineering/) and master
of science in the field of transportation engineering
(https://graduate.seas.gwu.edu/transportation-engineering/)
degree program. The program allows students to take up to 9 graduate
credits as part of their undergraduate program, thereby
decreasing the number of credits normally required for the
master's degree. All requirements for both degrees must be
fulfilled.

Students interested in the dual degree program should
confer with the department’s graduate adviser early
in their junior year. Visit the program website
(https://www.cee.seas.gwu.edu/five-year-dual-degree-program-bs-
and-ms-civil-engineering/) for additional information.
