DUAL BACHELOR OF SCIENCE
WITH A MAJOR IN COMPUTER
SCIENCE AND MASTER OF
SCIENCE IN THE FIELD OF
COMPUTER SCIENCE

The School of Engineering and Applied Science offers a
dual bachelor of science with a major in computer science
(http://bulletin.gwu.edu/engineering-applied-science/
computer-science/ba) and master of science in the field of
computer science (http://bulletin.gwu.edu/engineering-
applied-science/computer-science/bs) degree program. The
program allows students to take 6 graduate credits as part
of their undergraduate program, thereby decreasing the
number of credits normally required for the master’s degree.
All requirements for both degrees must be fulfilled.

Students interested in the dual degree program should confer
with the department’s graduate adviser early in their junior
year. Visit the program website (https://www.seas.gwu.edu/
bams-or-bsms-computer-science) for additional information.
