DUAL BACHELOR OF SCIENCE
WITH A MAJOR IN COMPUTER
SCIENCE AND MASTER OF
SCIENCE IN THE FIELD OF
CYBERSECURITY IN COMPUTER
SCIENCE

The School of Engineering and Applied Science offers a
dual bachelor of science with a major in computer science
(http://bulletin.gwu.edu/engineering-applied-science/computer-science/bs/) and master of science in the field of
cybersecurity in computer science (http://bulletin.gwu.edu/engineering-applied-science/computer-science/ms-cybersecurity/) degree program. The program allows students
to take 6 graduate credits as part of their undergraduate
program, thereby decreasing the number of credits normally
required for the master's degree. All requirements for both
degrees must be fulfilled.

Students interested in the dual degree program should confer
with the department’s graduate adviser early in their junior
year. Visit the program website (https://www.seas.gwu.edu/babs-computer-sciencems-cybersecurity-computer-science/) for additional information.
