DUAL BACHELOR OF SCIENCE WITH A MAJOR IN ELECTRICAL ENGINEERING AND MASTER OF SCIENCE IN THE FIELD OF TELECOMMUNICATIONS ENGINEERING

The School of Engineering and Applied Science offers a dual bachelor of science with a major in electrical engineering and master of science in the field of telecommunications engineering degree program. The program allows students to take 6 graduate credits as part of their undergraduate program, thereby decreasing the number of credits normally required for the master’s degree. All requirements for both degrees must be fulfilled.

Visit the program website for additional information.
