DOCTOR OF ENGINEERING IN THE FIELD OF ENGINEERING MANAGEMENT - ONLINE

The Doctor of Engineering in Engineering Management is designed for practitioners who wish to apply the knowledge they gain in a technical management environment.

ADMISSIONS

Deadlines: Admission is offered on a rolling basis for four cohort starts per year.

Standardized test scores: The Test of English as a Foreign Language (TOEFL), the academic International English Language Testing System (IELTS), or the PTE Academic is required of all applicants except those who hold a bachelor’s, master’s, or doctoral degree from a college or university in the United States or from an institution located in a country in which English is the official language, provided English was the language of instruction. Minimum scores:

- Academic IELTS: an overall band score of 6.0 with no individual score below 5.0; applicants requesting funding consideration must have an overall band score of 7.0 with no individual score below 6.0; or
- TOEFL: 550 on paper-based or 80 on Internet-based; applicants requesting funding consideration must have 600 on paper-based; or 100 on Internet-based; or
- PTE Academic: 53; applicants requesting funding consideration must have 68.

Recommendations required: Three (3) recommendations required. If possible, one recommendation should be from your advisor at the institution from which you earned your highest degree.

Prior academic records: Transcripts are required from all colleges and universities attended, whether or not credit was earned, the program was completed, or the credit appears as transfer credit on another transcript. Unofficial transcripts from all colleges and universities attended must be uploaded to your online application. Official transcripts are required only of applicants who are offered admission.

Statement of purpose: Please write a comprehensive essay of approximately 250 words, indicating your primary and supporting fields of study, your specialized interests, and the general subject area of your planned dissertation or professional project.

For more information on the admission process, please visit the SEAS Online Website at Online Doctor of Engineering Program - GW EMSE Online & Off Campus (gwu.edu) (https://seasonline.gwu.edu/apply-today/doctor-of-engineering-program/).

REQUIREMENTS

The following requirements must be fulfilled: 45 credits, including 30 credits in required courses and 15 credits in research culminating in a practice-based case study.
