Continuing Research
All master’s and doctoral students who have completed their required number of credits (including coursework and thesis or dissertation research) must register each subsequent fall and spring semester for 1 credit of Continuing Research as specified by the regulations of the school concerned.

Payment of tuition for thesis or dissertation research entitles the candidate, during the period of registration, to the advice and direction of the member of the faculty under whom the thesis or dissertation is to be written. Accepted dissertations and theses are submitted electronically; the student pays a processing fee directly to ProQuest.

Additional Course Fees
Some courses carry additional fees, such as a laboratory or material fee, which are charged by semester. The amount appears in the Schedule of Classes (http://my.gwu.edu/mod/pws/).

Payment of Tuition and Fees
Students who register for courses in any semester incur a financial obligation to the University. Tuition and fees are due and must be paid in full by the first day of the University semester as indicated on the Academic Calendar (http://bulletin.gwu.edu/academic-calendar/); students on the monthly payment plan are exempt from this regulation. The University reserves the right to revoke the registration, effective to the beginning of the semester, of any student who fails to make full payment; however, failure to attend classes does not exempt students from their financial obligation. Students whose registration privileges have been disallowed for failure to make timely payments are not permitted to attend classes and may not occupy University housing.

Department of Veteran Affairs Pending Payments
In accordance with Title 38 US Code 3679e, GW students who are eligible to receive benefits from the Department of Veteran Affairs (VA) under Chapter 31 Vocational Rehabilitation and Services (VR&E), Chapter 33 Post 9/11 GI Bill®, Chapter 35 Dependents’ and Survivors’ Education Benefits, and/or Chapter 1606 Montgomery GI Bill® must submit an online request for certification via the GWeb information system for each semester or summer session in which they elect to receive funding.

Once the request for certification and the certificate of eligibility has been received, GW will not impose any penalty, including but not limited to, assessing late fees, denying access to classes, libraries, or other institutional facilities, or requiring students to borrow additional funds to cover past due balances caused by delayed payments for educational assistance under Chapter 31, 33, 35, or 1606, unless the student is less than 100% covered. Students may attend courses beginning when the student provides a certificate of eligibility until the earlier date the VA provides payment to the school or 90 days after the school certifies tuition and fees.
Gi Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at www.benefits.va.gov/gibill. (https://benefits.va.gov/gibill/)

**Monthly Payment Plan**

This payment plan is open to all students and is available on a semester basis, with four-month plans for the fall and spring semesters and a three-month plan for the summer session. To participate in the plan, students must be registered for classes and enroll in the plan before the start of the applicable semester. Upon enrollment in the plan, students pay a non-refundable payment plan set up fee. The monthly payment plan for the fall semester begins in July and ends in October, the spring semester plan begins in December and ends in March, and the summer session plan begins in April and end in June. Under the plan, all payments are due on the tenth day of each month; if payments are received by that date, no interest or late fees will be incurred. Students who enroll in the plan after the first month of scheduled payments must make up all payments retroactive to the first month of scheduled payments as a down payment on the plan. No additional fees will be charged while the student is actively participating in the plan; missed payments will result in the deactivation of a student’s plan and the accrual of interest and late fees. After the first day of the semester, all plans will be updated to reflect the student’s actual remaining balance, less pending financial aid. Any balance remaining at the conclusion of the payment plan is subject to interest and late fees. For more information, see the monthly payment plan (http://studentaccounts.gwu.edu/monthly-payment-plan/) page.

**Third-Party Payment**

The University accepts employer vouchers or purchase orders that are not contingent upon receipt of grades. Under all circumstances, the charges for tuition and fees remain the responsibility of the student. Authorization from a sponsor to be billed for a student’s charges must be received in the Student Accounts Office by the end of the first week of the fall or spring semester. A late authorization fee may be incurred for responses received after the deadline. Bills are mailed to sponsors in October for the fall semester and in February for the spring semester. Should a sponsor fail to remit payment to the University, the University will contact the student for payment. Students whose employers or sponsors reimburse them for tuition and fees after receipt of grades must pay in full before the first day of the semester or at the time of registration to avoid interest, late fees, holds, and/or cancellation of registration. Students whose tuition and fees are paid in full or in part by a third party must pay any remaining balance by the stated due date to avoid interest, late fees, holds, and/or cancellation of registration.

**Past Due Accounts**

Accounts that are past due are encumbered by the University. A student whose account is encumbered (balance greater than $2,500 while registered or any balance amount remaining without a future registration) may not register for future semesters, or access grades, housing assignments, diplomas, transcripts, or other University services. Late payment fees and interest also may be assessed each month that the account has an overdue outstanding balance or if payment plan payments are missed. See the University’s Tuition Payment Disclosure Statement (http://studentaccounts.gwu.edu/disclosures/) for more information regarding these fees and billing practices. Accounts that are more than 90 days past due are eligible for collections activity, including referral to a collection agency and/or attorney. Students whose registration privileges have been disabled for failure to make timely payments are not permitted to attend classes and may not occupy University housing.

Disputes must be submitted in writing to the Student Accounts office within 60 days of the charge being applied. If the University deems the disputed amounts to be correct, the student is liable for any interest and late fees accrued during the review period.

**Dishonored/Returned Payments**

A student whose payment is returned unpaid by the bank for any reason will be charged a returned payment fee and will be responsible for any associated costs and/or attorney’s fees incurred by the University should a civil lawsuit or other collection effort be instituted to collect on such dishonored payment. This fee will also be charged to students who initiate a successful chargeback, in addition to the processing fee. An account hold will be in place for 10 days after subsequent payment is made. If multiple payments are returned, the University may require all future payments to be made with certified funds. In any case where the University has reason to believe that a student presented a dishonored payment in bad faith, the University may, in addition to any collection efforts, refer the matter to the proper authorities for criminal prosecution.

**Withdrawals and Refunds**

Applications for withdrawal from the University or from a course after the registration period must be made in accordance with procedures outlined under University Regulations (http://bulletin.gwu.edu/university-regulations/) in the sections Complete Withdrawal from the University and Adding, Dropping, and Withdrawing from Courses, respectively. Financial aid recipients must notify the Office of Student Financial Assistance (https://financialaid.gwu.edu/) in writing. The tuition deposit required of entering students will not be refunded.

In the case of authorized withdrawals and changes in registration schedule, cancellations of semester tuition charges and fees will be made in accordance with the following schedule:

**Fall, Spring, and Summer Semesters**

1. Effective Spring 2021, courses dropped prior to the start of the semester (before the first day of classes) will have 100% of
the tuition charges canceled. Courses dropped beginning the first day of classes are subject to the university refund schedule, which governs the prorated cancellation of semester tuition charges in cases of program adjustment or withdrawal. For refunds calculated by week, the period is considered to be Monday to Sunday.

* Select programs are offered on a different schedule with different refund rates for dropped classes.

4. Federal regulations require that financial aid recipients use refunds to repay financial aid received for that semester’s attendance. This policy applies to institutional aid as well.

If a recipient of federal financial aid withdrawals from the University or reduces their workload, federal regulations require that the University reevaluate the student’s eligibility to determine the amount of aid the student is allowed to retain. If there is a credit balance on the student’s account after the federal funds have been adjusted, institutional funds will be recovered from that amount.

See the University’s complete Return of Title IV funds policy (http://go.gwu.edu/returntitleivpolicy/).

In no case will tuition be reduced or refunded because of the student’s absence from classes. Authorization to withdraw and certification for work done will not be provided to a student whose account is not in good standing.

2. Partial withdrawal: If the change in workload results in a lower tuition charge, the refund schedule above applies to the dropped course(s).

3. Regulations governing student withdrawals as they relate to University housing and dining services charges are contained in the specific lease arrangements.
