

# DUAL BSHS IN CLINICAL RESEARCH ADMINISTRATION AND MSHS IN CLINICAL AND TRANSLATIONAL RESEARCH

The School of Medicine and Health Sciences offers a dual bachelor of science in health sciences with a major in clinical research administration (<http://bulletin.gwu.edu/medicine-health-sciences/undergraduate-programs/bshs-clinical-research-administration/>) and master of science in health sciences in the field of clinical and translational research (<http://bulletin.gwu.edu/medicine-health-sciences/graduate-programs/ms-clinical-translational-research/>) degree program. The program allows students to take 9 graduate credits as part of their undergraduate program, thereby decreasing the number of credits normally required for the master's degree. All requirements for both degrees must be fulfilled.

Visit the School of Medicine and Health Sciences website (<https://smhs.gwu.edu/>) for additional information.
