

MASTER OF SCIENCE IN NURSING IN THE FIELD OF PSYCHIATRIC-MENTAL HEALTH NURSE PRACTITIONER

The master of science in nursing in the field of psychiatric mental health nurse practitioner program offers registered nurses the opportunity to acquire the knowledge and skills to provide care to individuals, families, and groups with psychiatric/mental health needs. The lifespan curriculum is a synthesis of knowledge derived from nursing science, neuroscience, behavioral change theories, motivational theories, learning theories, and other psychotherapeutic frameworks to provide a holistic perspective from which to assess, diagnose, treat, manage, and evaluate acute and chronic mental illnesses. The program covers neuropsychopharmacology, interprofessional collaborative practice, crisis intervention, trauma-informed care, health policy, family systems theory, psychotherapy, group therapy, care of vulnerable populations, promotion of mental health and prevention of mental illness, substance use, and co-occurring disorders, and other mental illnesses across the lifespan.

Upon completion of our program, students are eligible to sit for the American Nurses Credentialing Center certification as a Psychiatric/Mental Health Nurse Practitioner (lifespan).

Visit the School of Nursing website (<https://nursing.gwu.edu/>) for additional information.

ADMISSIONS

Article	Requirement
Admission deadline:	Fall - Priority: December 1 Final: May 15 Spring - Priority: June 1 Final: October 1
Recommendations required:	Two letters of recommendation required.
Prior academic records:	Official transcripts from all post-secondary schools required.
Statement of Purpose:	Compose a 250-500 word essay describing your reasons for undertaking study in nursing at The George Washington University, your academic objectives, career goals, and related qualifications (including relevant collegiate, professional, and/or community activities). Include any substantial accomplishments not already mentioned on the application form. Your essay should also speak to the role (e.g. FNP, AGACNP, etc.) that you are applying for and how your qualifications will help you succeed in this role both professionally and as a student.

Prerequisites Bachelor's degree in nursing from a regionally accredited college or university
Preferred minimum GPA of 3.0 on a 4.0 scholastic scale from a regionally accredited college or university
Active and unencumbered RN license from a U.S. state or territory

Additional Requirements:	Current resume
International Requirements:	The minimum English language scores required are: Internet-based TOEFL: 100; or IELTS: An overall band score of 7.0 with individual band scores of 6.0 or higher

Supporting documents not submitted online should be mailed to:

Office of Admissions
45085 University Drive, Suite 201-T
Ashburn, VA 20147
