

# GRADUATE CERTIFICATE IN CLIMATE CHANGE MANAGEMENT AND POLICY

The graduate certificate in climate change policy and management is intended for students with a master's degree in planning or an allied field—including public policy and the social sciences—who seek expertise in planning for climate change and climate change adaptation. Graduates of the program are able to apply their knowledge in public and private sector planning, policy, design, and/or engineering agencies, both inside and outside the United States.

Specific admission requirements can be found on the Graduate Program Finder (<http://www.gwu.edu/all-graduate-programs>).

Visit the program website (<https://cps.gwu.edu/sustainable-urban-planning/graduate-certificate-climate-change-management-policy>) for additional information.

## REQUIREMENTS

The following requirements must be fulfilled: 18 credits, including 12 credits in required courses and 6 credits in elective courses.
