GRADUATE CERTIFICATE IN HEALTHCARE CORPORATE COMPLIANCE

Director J. Thorpe

Designed for professionals working in the field of healthcare compliance or who aspire to work in the field, the 12-credit graduate certificate in healthcare corporate compliance provides students with a uniquely comprehensive view of the field. Drawing from GW’s Department of Health Policy in the Milken Institute School of Public Health and a leading healthcare law firm in Washington, DC, the program offers education in healthcare laws and regulations as well as tools and strategies for creating effective corporate compliance programs. As the center of federal healthcare policy and enforcement, the District provides the ideal backdrop for study, allowing unparalleled access to experts in the field, including current and former regulators and policymakers and other compliance professionals.
