BACHELOR OF SCIENCE WITH A MAJOR IN EXERCISE SCIENCE, STRENGTH AND CONDITIONING CONCENTRATION

Program Director: M. Barberio

The bachelor of science (BS) in exercise science with a concentration in strength and conditioning allows students to gain knowledge and skills to facilitate evidence-based practice in health and human performance. Comprehensive instruction is provided in sports performance training theory and techniques, while broader instruction in anatomy and physiology, sports psychology, exercise physiology, sports nutrition, and kinesiology lay foundational multidisciplinary knowledge. Students also gain practical training and assessment experience through applied laboratory coursework in addition to an athletic or human performance internship. Ultimately, this coursework helps prepare students for the National Strength and Conditioning Association's Certified Strength and Conditioning Specialist exam upon graduation.

Visit the program website (https://publichealth.gwu.edu/ programs/exercise-science-bs/) for additional information.

ADMISSIONS

Information on the admission process is available on the Office of Undergraduate Admissions website (https:// undergraduate.admissions.gwu.edu/). Applications may be submitted via the Common Application (https://go.gwu.edu/ commonapp/).

Supporting documents not submitted online should be mailed to:

Office of Undergraduate Admissions The George Washington University 800 21st Street NW, Suite 100 Washington, DC 20052

Contact for questions: gwadm@gwu.edu or 202-994-6040

REQUIREMENTS

The following requirements must be fulfilled: 124 total credits, including 26 credits in University General Education Requirement courses, 39 credits in exercise science core courses, 27 credits in required concentration coursework, 14 credits in approved guided elective courses, and 18 credits in additional general elective courses.

University General Education Requirement

One course in critical thinking in the humanities.

Two courses in critical thinking, quantitative reasoning, or scientific reasoning in the social sciences. For exercise science and nutrition majors, must be satisfied with one of the following: ANTH 1002, ANTH 1003, or ANTH 1004.

One course that has an approved oral communication component, For exercise science and nutrition majors, must be satisfied with either COMM 1040 or COMM 1041.

One course in quantitative reasoning. For exercise science and nutrition majors, must be satisfied with one of the following: STAT 1051, STAT 1053, or STAT 1127.

One course in scientific reasoning with laboratory experience. For exercise science and nutrition majors, must be satisfied with BISC 1111.

UW 1020 University Writing

or HONR 1015 (Origins and Evolution of Modern Thought)

After successful completion of UW 1020 or HONR 1015, 6 credits distributed over at least two different Writing in the Disciplines (WID) courses taken in separate semesters (summer counts as one semester) are required. WID courses are designated by a "W" appended to the course number.

Approved courses can be found under University General Education Requirement (http://bulletin.gwu.edu/university-regulations/general-education/).

Code	Title	Credits
------	-------	---------

Required exercise science core courses

Students must maintain a minimum grade point average of 2.5 in the exercise science core requirements with a minimum grade of C- in each core course.

PUBH 1010	First-Year Experience in Public Health
EXNS 1103	Professional Foundations in Exercise Science
EXNS 1110	Applied Anatomy and Physiology I
EXNS 1111	Applied Anatomy and Physiology II
EXNS 2111	Exercise Physiology II
EXNS 2112	Exercise Physiology I
EXNS 2113	Kinesiology
EXNS 2116	Exercise and Health Psychology
EXNS 2119	Introduction to Nutrition Science
EXNS 3110	Field Experience in Exercise and Nutrition Sciences ((2 credits))

EXNS 3111W	Exercise and Nutrition Sciences Research Methods
PUBH 1101	Introduction to Public Health and Health Services
PSYC 1001	General Psychology
ANTH 1002	Sociocultural Anthropology *
or ANTH 1003	Archaeology
or ANTH 1004	Language in Culture and Society
BISC 1111	Introductory Biology: Cells and Molecules
COMM 1040	Public Communication *
COMM 1041	Interpersonal Communication *
STAT 1051	Introduction to Business and Economic Statistics *
or STAT 1053	Introduction to Statistics in Social Science
or STAT 1127	Statistics for the Biological Sciences
or PUBH 2142	Introduction to Biostatistics for Public Health

* The ANTH, BISC, COMM, and STAT courses meet General Education requirements; however, while required, they do not count toward the 39 credits in exercise science core courses. PUBH 2142 does not count toward the General Education requirement, but it does count as an exercise science core course.

Credits

Concentration requirements

Title

Code

27 credits in required concentration-specific courses.		
EXNS 1117	Principles of Coaching	
EXNS 2117	Sport Psychology	
EXNS 2118	Sport and Nutrition	
EXNS 3110	Field Experience in Exercise and Nutrition Sciences (4 credits)	
EXNS 3123W	Psychology of Injury and Rehabilitation	
EXNS 3328	Scientific Principles of Strength and Conditioning	
EXNS 4103	Training and Conditioning Program Design and Application I	
EXNS 4104	Training and Conditioning Program Design and Application II	

Electives

32 total credits in elective courses, including 14 credits in guided electives selected in consultation with the advisor and 18 credits in general electives.

Note: No more than 3 credits of Lifestyle, Sport, and Physical Activity (LSPA) courses may count toward the 124 credits required for the bachelor's degree.

** See list of preapproved guided electives for the BS with a major in exercise science program (http://bulletin.gwu.edu/publichealth/exercise-science/bs/#requirementstext).
