DOCTOR OF PHILOSOPHY IN THE FIELD OF PUBLIC POLICY AND ADMINISTRATION (HEALTH POLICY TRACK)

Program Director A. Dor

Students in the doctor of philosophy in the field of public policy and administration (health policy track) degree program are prepared to analyze a broad array of health policy issues, such as assessing health and health needs, financing health services, health care reform, global health, care for underserved populations, and long-term care. A multidisciplinary approach to these issues brings together the disciplines of economics, philosophy, sociology, law, public health, and health management.

Specific admission requirements are shown on the Graduate Program Finder. (http://www.gwu.edu/all-graduate-programs)

Visit the program webpage (https://tsppa.gwu.edu/phd-field-health-policy) for additional information.

REQUIREMENTS

The following requirements must be fulfilled: 48 credits

Students who choose this field are prepared to analyze a broad array of health policy issues. These problems include, for example, assessing health and health needs, financing health services, health care reform, global health, care for underserved populations and long-term care. A multidisciplinary approach to these issues combines the curricula of economics, philosophy, sociology, law, public health and health management.
