**BACHELOR OF SCIENCE WITH A MAJOR IN BIOLOGICAL ANTHROPOLOGY**

GW’s Biological Anthropology program emphasizes coursework on human evolution, human anatomy, and primatology. You will not only be engaged intellectually but will also be well poised for your career with preparation to work in a range of academic settings, including universities and museums or to pursue a career in medicine, public health, and psychology. GW has always had a strong focus in biological anthropology, which is supported by our close connections with the Smithsonian Institution’s National Museum of Natural History. Here you’ll have access to one of the world’s greatest collections of hominoid fossils and skeletal specimens.

Visit the program website (https://anthropology.columbian.gwu.edu/bs-biological-anthropology/) for more information.

**ADMISSIONS**

For information about the admission process, including deadlines, visit the Office of Undergraduate Admissions website (https://undergraduate.admissions.gwu.edu/). Applications can be submitted via the Common Application (https://go.gwu.edu/commonapp/).

Supporting documents not submitted online should be mailed to:

Office of Undergraduate Admissions
The George Washington University
800 21st St NW Suite 100
Washington, DC 20052

For questions visit undergraduate.admissions.gwu.edu/contact-us (http://undergraduate.admissions.gwu.edu/contact-us/).

**REQUIREMENTS**

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (http://bulletin.gwu.edu/arts-sciences/#degreeregulationtext).

Program-specific curriculum:

The following requirements must be fulfilled: 51 credits, including 21 credits in introductory courses and 40 additional credits in required courses for the major.

</table>
BISC 2208  Genetics Laboratory
BISC 2213  Biology of Cancer
BISC 2214  Developmental Biology
BISC 2220  Developmental Neurobiology
BISC 3209  Molecular Biology
BISC 3210  Nanobiotechnology
BISC 3211  Nanobiotechnology Laboratory
BISC 3212  Immunology
BISC 3261  Introductory Medical Biochemistry
BISC 3262  Biochemistry Laboratory
BISC 3263  Special Topics in Biochemistry

Organismal/sub-organismal biology
BISC 2320  Neural Circuits and Behavior
BISC 2332  Comparative Vertebrate Anatomy
BISC 2333  Evolution and Extinction of Dinosaurs
BISC 2334W  Integrative Biology of Fishes
BISC 2337  Introductory Biology of Fishes
or BISC 2337W  Introductory Microbiology Laboratory
BISC 2339  Parasitology
BISC 3122  Human Physiology
BISC 3320  Human Neurobiology

Ecology/evolution
BISC 2581  Human Gross Anatomy
BISC 2450  Organic Evolution
BISC 2451  History of Life
BISC 2452  Animal Behavior
BISC 2454  General Ecology
BISC 3458  Plant Comparative Structure and Function
BISC 3460  Conservation Biology
BISC 3461  Plant-Animal Interactions
BISC 3462  Plant-Animal Interactions Laboratory
BISC 3463  Ecological and Evolutionary Genetics

BISC 3464  Ecology and Evolution of Societies

One course selected from the following:
CHEM 1111  General Chemistry I
CHEM 1112  General Chemistry II
CHEM 2085  Environmental Chemistry
CHEM 3140  Geochemistry
or GEOL 3140  Geochemistry
CHEM 3165  Biochemistry I
CHEM 3166  Biochemistry II
PSYC 2014  Cognitive Psychology
PSYC 2015  Biological Psychology
PSYC 3112  Psychology of Adolescence
PSYC 3118  Neuropsychology

BISC 1005  The Biology of Nutrition and Health
or BISC 1007  Food, Nutrition, and Service

BISC 1006  The Ecology and Evolution of Organisms
or BISC 1008  Understanding Organisms through Service Learning

GEOL 1001  Physical Geology
GEOL 1002  Historical Geology
GEOL 1005  Environmental Geology
STAT 1127  Statistics for the Biological Sciences

6 credits in anthropology (ANTH) courses numbered 2000 and above, excluding courses in the 3400 range, ANTH 3802, and ANTH 3832.

Note: The major in biological anthropology cannot be pursued in conjunction with the major in anthropology.

GENERAL EDUCATION

In addition to the University General Education Requirement (http://bulletin.gwu.edu/university-regulations/general-education/), undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication (G-PAC) (http://bulletin.gwu.edu/arts-sciences/gpac/) as well as the course CCAS 1001 First-Year Experience. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication
competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Coursework (http://bulletin.gwu.edu/university-regulations/general-education/#generaleducationtext) for the University General Education Requirement is distributed as follows:

• One course in critical thinking in the humanities.
• Two courses in critical thinking, quantitative reasoning, or scientific reasoning in the social sciences.
• One course that has an approved oral communication component.
• One course in quantitative reasoning (must be in mathematics or statistics).
• One course in scientific reasoning (must be in natural and/or physical laboratory sciences).
• UW 1020 (https://bulletin.gwu.edu/search/?P=UW%201020) University Writing (4 credits).
• After successful completion of UW 1020, 6 credits distributed over at least two writing in the discipline (WID) courses taken in separate semesters. WID courses are designated by a "W" appended to the course number.

Coursework for the CCAS G-PAC requirement is distributed as follows:

• Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context.
• Global or cross-cultural perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries.
• Local or civic engagement—one approved course that develops the values, ethics, disciplines, and commitment to pursue responsible public action.
• Natural or physical science—one additional approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement).
• Humanities—one additional approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement).
• CCAS 1001 First-Year Experience

Certain courses are approved to fulfill GPAC requirements in more than one category.

Courses taken in fulfillment of G-PAC requirements may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University General Education Requirement and G-PAC, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

Lists of approved courses in the above categories are included on each undergraduate major’s (http://bulletin.gwu.edu/arts-sciences/#majorstext) page in this Bulletin.

SPECIAL HONORS

In addition to the general requirements stated under University Regulations, in order to be considered for graduation with Special Honors in anthropology, archaeology, or biological anthropology, a major have a grade-point average of 3.5 or better in courses required for the major, register for 3 credits of ANTH 3995 Undergraduate Research, and write a paper of special distinction arising out of a program of directed reading or research. Students must confer with an advisor before beginning the work.

COMBINED PROGRAMS

Combined programs

• Bachelor of Science with a major in biological anthropology and Master of Arts in the field of anthropology (http://bulletin.gwu.edu/arts-sciences/anthropology/dual-bs-biological-anthropology-ma-anthropology/)
• Bachelor of Science with a major in biological anthropology and Master of Science in the field of human paleobiology (http://bulletin.gwu.edu/arts-sciences/anthropology/dual-bs-biological-anthropology-ms-human-paleobiology/)
