DUAL BACHELOR OF SCIENCE
WITH A MAJOR IN BIOLOGICAL
ANTHROPOLOGY AND A MASTER OF
SCIENCE IN THE FIELD OF HUMAN
PALEOBIOLOGY

The Department of Anthropology offers a dual bachelor of
science with a major in biological anthropology (http://
bulletin.gwu.edu/arts-sciences/anthropology/bs-biological-
anthropology/) and master of science in the field of human
paleobiology (http://bulletin.gwu.edu/arts-sciences/human-
paleobiology/ms/) degree program. The program allows students
to take 9 graduate credits as part of their undergraduate program,
thereby decreasing the number of credits normally required for
the master’s degree. All requirements for both degrees must be
fulfilled.

Students interested in the combined program should
confer with their major advisor regarding the details of
their course of study. Visit the program website (https://
anthropology.columbian.gwu.edu/combined-bachelorsmasters-
programs/) for additional information.
