

DUAL BACHELOR OF ARTS WITH A MAJOR IN ENVIRONMENTAL STUDIES AND MASTER OF ARTS IN THE FIELD OF ENVIRONMENTAL RESOURCE POLICY

The Department of Geography and the Trachtenberg School of Public Policy and Public Administration work in cooperation to offer a dual bachelor of arts with a major in environmental studies (<https://bulletin.gwu.edu/arts-sciences/environmental-studies/ba/>) and master of arts in the field of environmental resource policy (<https://bulletin.gwu.edu/arts-sciences/public-policy-administration/enrp-ma/>) degree program. The program allows students to take 12 graduate credits as part of their undergraduate program, thereby decreasing the number of credits normally required for the master's degree. All requirements for both degrees must be fulfilled.

Students interested in the dual degree program should confer with the department's graduate adviser early in their junior year. Visit the program website (<https://enrp.columbian.gwu.edu/combined-bama-degree/>) for additional information.
