DUAL BACHELOR OF ARTS WITH A MAJOR IN ENVIRONMENTAL STUDIES 
AND MASTER OF ARTS IN THE FIELD OF ENVIRONMENTAL RESOURCE 
POLICY

The Department of Geography and the Trachtenberg School of 
Public Policy and Public Administration work in cooperation to 
offer a dual bachelor of arts with a major in environmental studies 
(http://bulletin.gwu.edu/arts-sciences/environmental-studies/ ba/) and master of arts in the field of environmental resource 
policy (http://bulletin.gwu.edu/arts-sciences/public-policy-
administration/enrp-ma/) degree program. The program allows 
students to take 12 graduate credits as part of their undergraduate 
program, thereby decreasing the number of credits normally 
required for the master’s degree. All requirements for both degrees 
must be fulfilled.

Students interested in the dual degree program should confer with 
the department’s graduate adviser early in their junior year. Visit 
the program website (https://enrp.columbian.gwu.edu/combined-
bama-degree/) for additional information.
