GRADUATE CERTIFICATE IN NUCLEAR POLICY

The 15-credit graduate certificate in nuclear policy provides a broad knowledge of nuclear security, non-proliferation and arms control issues, as well as broader security and energy policy issues in an international affairs context. Unique to this certificate is the requirement of a hands-on scientific analysis course for non-scientists. Students will gain detailed knowledge of contemporary issues, critical thinking skills, and laboratory experience from expert faculty within the Elliott School of International Affairs.

Visit the program website (https://elliott.gwu.edu/graduate-certificates/nuclear-policy/) for additional information.

ADMISSIONS

Admissions Deadlines

- Fall: January 7th - Fellowship & Application Deadline
- Spring: October 1st - Fellowship & Application Deadline

Applications for admission will continue to be accepted on a rolling basis after the fellowship deadlines have passed, but students will not be considered for fellowships.

Recommendations

Two (2) recommendations required:

Standardized tests:

GRE and GMAT scores are not accepted and will not be considered in the review process. Please do not submit scores.

Prior academic records:

Transcripts are required from all colleges and universities attended, whether or not credit was earned, the program was completed, or the credit appears as transfer credit on another transcript. Unofficial transcripts from all colleges and universities attended should be uploaded to your online application. Official transcripts are required only of applicants who are offered admission.

If academic records are in a language other than English, English language translations must be provided. The English translations alone should be uploaded into the online application. Official transcripts and certified English translations will be required of applicants who are offered admission.

Statement of purpose:

For your Statement of Purpose, choose one of these options:

- In an essay of approximately 500 words, state your purpose in undertaking graduate study at the Elliott School of International Affairs. As part of your statement of purpose, describe your academic and research interests, career objectives, and how a degree from the Elliott School will enable you to achieve your goals. Please be specific.
