The Department of Environmental and Occupational Health
is at the center of national and global conversations about
the role of science in protecting workers, the public, and the
environment from toxic substances and dangerous conditions.
Faculty and staff in the department have earned a national
reputation as researchers and leaders in articulating how
public health science is best used in regulatory decision-
making. Congressional committees, federal agencies, national
scientific organizations, international public health entities, and
the media contact them frequently to discuss environmental
hazards and the policies addressing them.

The master of public health in environmental health science
and policy program educates individuals who are committed
to improving public health by reducing risks posed by
environmental and occupational hazards. Students learn to
apply critical and analytic skills to better understand how
environmental and occupational exposures impact human
health. With courses scheduled in the late afternoons and early
evenings, students can obtain valuable career experience while
they earn the degree.

Visit the program website (https://publichealth.gwu.edu/
environmental-health-science-and-policy-mph/) for additional
information.

ADMISSIONS
Visit the Milken Institute School of Public Health website
(https://publichealth.gwu.edu/) for additional information about academic programs and information about GWSPH.
Graduate admissions information, including application
requirements and deadlines, can be found on the GWSPH
Graduate Admissions website (https://publichealth.gwu.edu/
admissions/graduate-admissions/).

REQUIREMENTS
The following requirements must be fulfilled: 45 credits,
including 17 credits in core courses, 18 credits in program-
specific courses, 8 credits in elective coursework, 2-credits for
the culminating experience.

MPH graduation requirements
1. Graduate credit requirement: 45 graduate credits.
2. Course requirements: Successful completion of core and
program-specific courses.
3. Practicum Requirement: Students are required to fulfill all requirements of the Applied Practice Experience (Practicum) to receive credit for PUBH 6000 MPH Applied Practice Experience.

4. Interprofessional Education Experience (IPE): Students are required to enroll and participate in an authorized IPE activity (PUBH 6023 Interprofessional Education Experience).

5. Minimum grade-point requirement: minimum 3.0 (B) cumulative grade-point average.

6. Time limit requirement: The degree must be completed within five years.

7. Transfer credit policy: With approval, up to 12 graduate credits that have not been applied to any previous graduate degree may be transferred to the master of public health program. External credits must have been earned from an accredited institution in the last three years with a minimum grade of 3.0 (B) in each course. Students in SPH graduate certificate programs can transfer as many credits earned toward the certificate to the MPH degree as meet MPH degree requirements, to a maximum of 18 credits.

8. Graduate certificate students wishing to transfer to a degree program may apply to do so after completion of three or more courses with a cumulative GPA of 3.0 via the online change of concentration petition (https://publichealth.gwu.edu/academics/forms/). A minimum grade of B is required for a specific course to be eligible for transfer.

9. CITI Training requirement: All students are required to complete training regarding human subject protection regulation and the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

10. Integrity Quiz and Plagiarism requirement: All students are required to review the George Washington University Code of Academic Integrity (https://studentconduct.gwu.edu/code-academic-integrity/) and take the SPH Academic Integrity Quiz at GWSPH Source (https://source.publichealth.gwu.edu/user/login/?destination=node/193) within their first semester of study.

11. Professional Enhancement requirement: Students must participate in eight hours of public health-related lectures, seminars, and symposia, related to their field of study.

**COMBINED PROGRAMS**

**Combined programs**

- Joint Master of Science in Health Sciences in the field of physician assistant and Master of Public Health (http://bulletin.gwu.edu/public-health/mshs-mph/)
- Joint Master of Public Health or SPH graduate certificate and Juris Doctor or Master of Laws (http://bulletin.gwu.edu/public-health/jd-mph/)
