

# MINOR IN ECONOMICS

The minor in economics program offers students a way to enhance their primary field of interest with in-demand skills in economics, business statistics, and management sciences. The minor requires 24 credits in courses such as Macroeconomic Theory, Principles of Economics, and Calculus for the Social and Management Sciences. An economics minor pairs well with fields including physics, engineering, computer science, business, pre-med, biology, and more.

## REQUIREMENTS

The following requirements must be fulfilled: 24 credits, including 12 credits in required courses and 12 credits in elective courses.

Code	Title	Credits
<b>Required</b>		
ECON 1011	Principles of Economics I	
ECON 1012	Principles of Economics II	
ECON 2101	Intermed Microeconomic Theory <sup>1</sup>	
or ECON 2103	Intermediate Microeconomic Theory: A Mathematical Approach	
ECON 2102	Intermediate Macroeconomic Theory <sup>1</sup>	
or ECON 2104	Intermediate Macroeconomic Theory: A Mathematical Approach	

### Electives

12 credits (four courses) in electives taken in the following three categories:

Two additional upper-level Economics (ECON) courses (6 credits) numbered between 2000 and 4999. <sup>2</sup>

One of the following mathematics courses:

MATH 1221	Calculus with Precalculus II <sup>1</sup>
or MATH 1231	Single-Variable Calculus I
or MATH 1252	Calculus for the Social and Management Sciences

One course taken from one of the following three options:

Option A: One of the following statistics courses:

STAT 1111	Business and Economic Statistics I <sup>1</sup>
or STAT 1051	Introduction to Business and Economic Statistics
or STAT 1053	Introduction to Statistics in Social Science

Option B:

MATH 1232      Single-Variable Calculus II

Option C:

One additional upper-level ECON course (3 credits) numbered between 2000 and 4999. See excluded courses below. <sup>3</sup>

<sup>1</sup>Must be completed with a minimum grade of C-.

<sup>2</sup>ECON 2180 does not satisfy the minor electives requirement if taken concurrently with or after successful completion of ECON 2181 or ECON 2182.

<sup>3</sup>The following courses cannot be counted toward Option C: ECON 2169, ECON 2180, ECON 2198, or ECON 3098.
