DUAL BACHELOR OF PROFESSIONAL STUDIES WITH A MAJOR IN INFORMATION TECHNOLOGY AND MASTER OF SCIENCE IN INFORMATION SYSTEMS TECHNOLOGY

The College of Professional Studies and GW School of Business offer a dual bachelor of professional studies in information technology (https://bulletin.gwu.edu/professional-studies/bps-information-technology/) and master of science in information systems technology (https://bulletin.gwu.edu/business/information-systems-technology-management/ms/) degree program. The program allows students to take 6 graduate credits as part of their undergraduate program, thereby decreasing the number of credits normally required for the master's degree. All requirements for both degrees must be fulfilled.

Students interested in the dual degree program should confer with the graduate advisor early in their junior year.

Code	Title	Credits
Credit sharing: 6 credits		
Graduate courses taken during the BS program and corresponding undergraduate courses waived:		
ISTM 6206	Information Systems Security	
Waived:		
PSIS 4144	Information and Network Security	
ISTM 6201	Information Systems Development and Applications	
Waived:		
PSIS 4145	Software Systems Development Processes
