

GRADUATE CERTIFICATE IN QUANTITATIVE BUSINESS FOUNDATIONS

The graduate certificate in quantitative business foundations provides students with a solid grounding in the essential disciplines of business. Designed for students without a business degree or formal business education, the graduate certificate in quantitative business foundations offers functional instruction in accounting, marketing, finance, organizational behavior, and human resource management.

Pathway to a Masters of Business Administration

For those who are considering an MBA and would like to get a feel for the coursework, the certificate program is an excellent opportunity. Upon completing the program, students may apply for professional MBA or online MBA programs. If admitted to the MBA program, all courses taken for the certificate will count toward the MBA.

Visit the program website (<https://business.gwu.edu/graduate-certificate-quantitative-business-foundations/>) for additional information.
