# MINOR IN LINGUISTICS

Linguistics is the study of the human capacity to learn and use languages. GW's 18-credit, interdisciplinary linguistics minor provides students with training in the analysis of both the formal structures and social functions of language. Through analysis of key readings and approaches in linguistics, students learn how to interpret data and apply these analyses to theoretical debates and practical issues.

Visit the program website (https://anthropology.columbian.gwu.edu/minors/) for additional information.

## ADMISSIONS

### Admissions
