

GRADUATE CERTIFICATE IN CLINICAL RESEARCH PRACTICE

The online graduate certificate in clinical research practice prepares students for evidence-based practice in the role of a principal or co-investigator (Co-I or Co-PI) in clinical research. The 15 credits earned for the certificate can be applied toward the master of science in health sciences in clinical and translational research degree (<http://bulletin.gwu.edu/medicine-health-sciences/graduate-programs/ms-clinical-translational-research/>).

In earning the certificate, students learn how the Institutional Review Board (IRB), the Data Safety and Monitoring Board, protocol development, implementations, standard operating procedures, guidelines, regulations, and ethical considerations inform clinical research practice, facilitating collaboration with sponsored research programs.

In as little as one year students learn to:

- Oversee clinical research at the study site level.
- Ensure compliance with Good Clinical Practice (GCP).
- Use biostats and epidemiology to inform clinical practice in a research study site.
- Improve the practice's potential for serving as a clinical study site.

Visit the program website (<https://smhs.gwu.edu/bulletin/smhs/certificate/clinical-research-practice/>) for additional information.

ADMISSIONS

Admissions Fall - July 20
Deadlines:

Spring - December 1
The application and all supporting documentation (fees, statement of purpose, letters of recommendation, transcripts) must be received by the deadline in order for the application to be reviewed.

Standardized Not required
Test Scores:

Recommendations (2) letters of recommendation.
required: Recommendations should be from an academic instructor who can strongly attest to your academic ability and/or someone who has served in a supervisory capacity for you and can strongly attest to your work ethic. Recommendations from family and friends are not accepted.

Prior Academic Records: Official transcripts are required from all colleges and universities attended (including via dual enrollment), whether or not credit was earned, the program was completed, or the credit appears as transfer credit on another transcript. Official transcripts must be forwarded in their original sealed envelopes or sent electronically directly from the institution.

If academic records are in a language other than English, a certified English language translation must be provided in addition to the original transcripts; translations alone will not be accepted.

Official transcripts from institutions outside the U.S. must be accompanied by an official transcript evaluation from an accredited independent evaluating agency. Please be sure you request a detailed evaluation that includes all course titles, credit hours, grades, U.S. degree equivalency, grade-point averages (GPA), and date of degree conferral. For a list of acceptable foreign credential evaluation services, please follow this link: <https://www.naces.org/members> (<https://www.naces.org/members/>).

Statement of Purpose: In an essay of approximately 250-500 words, describe your interest in undertaking study at The George Washington University. What are some of your academic objectives or career goals? Please highlight any of your related qualifications and achievements-- including academic, community, professional, or extra-curricular activities relevant to your program of interest. Include any substantial accomplishments not already mentioned within the application.

Degree and GPA Requirement: Bachelor's degree from a regionally-accredited institution

Cumulative GPA of 3.0 or above on a 4.0 scale

Additional Requirement: Resume is required.

Previous work experience. Healthcare Experience Preferred

International applicants: International students should check with individual programs regarding eligibility for visa sponsorship. Generally, online and hybrid programs are not eligible for student visa sponsorship from GW. This includes transfer students from any other institution with an existing visa.

Applicants who have not completed a post-secondary degree from an institution where English is the sole language of instruction must submit TOEFL, IELTS, PTE Academic, or the Duolingo English Test scores to be considered for admission. The following are the minimum scores for admission consideration:

- Academic IELTS: An overall band score of 7.0, with no individual band score below 6.0.

- TOEFL: 600 paper-based or 100 internet-based.

- PTE: Overall score of 68

- DET: Overall score of 120

Undergraduate applicants who meet one of the following conditions can be considered for admission without submitting TOEFL, PTE or IELTS or DET scores:

Scores cannot be more than two years old. To ensure TOEFL scores are sent to GW, use institutional code 5246. An institutional code is not required to send IELTS or PTE scores to GW. DET scores must be submitted via the Duolingo English Test system directly to GW.

Based on their application and the results of the English proficiency examination students can be required to take English for Academic Purposes (EAP) during their first year of study at GW. GW evaluates each application holistically and applicants can be recommended for EAP even if they meet the requirements for exemption. Students placed in EAP courses should anticipate additional tuition expenses as well as possible extension of time needed to complete their degree programs.

Supporting documents not submitted online should be mailed to:

George Washington University
