MASTER OF PUBLIC HEALTH (MPH@GW), WOMEN, YOUTH, AND CHILD HEALTH CONCENTRATION

Program Director: G. Gray, PhD

The MPH@GW concentration in women, youth, and child health is grounded in a life course perspective as an organizing framework that acknowledges distinct periods in human development and presents both risks and opportunities for interventions. Further, the academic program explores the subject from an interdisciplinary perspective that integrates the biological, demographic, epidemiological, developmental, environmental, behavioral, and social characteristics that are unique to the health and well-being of women, children, adolescents, and families in the United States and around the world.

Visit the program website for additional information.

ADMISSIONS

Visit the Milken Institute School of Public Health website (https://publichealth.gwu.edu/) for additional information about academic programs and information about GWSPH. Graduate admissions information, including application requirements and deadlines, can be found on the GWSPH Graduate Admissions website (https://publichealth.gwu.edu/admissions/graduate-admissions/).
